Furry Friendly Animal Rescue and Wildlife Rehabilitation was established in July of 2004 and our status as a non-profit charitable organization set up under section 501(c)(3) of the IRS Code was approved 1/19/06.

Our mission is to act as a shepherd for animals in need of help... to care for and find loving homes for unwanted, abandoned, neglected and abused domestic and barnyard animals. With all wildlife animals the goal is to rehabilitate and then release back into their natural environment.
